STICKY LEARNING

1

39

What things can we do to guarantee our learning won't stick?

Be boring	Bore them	No engagement or interaction
Read off slides	Do what we have always done!	Be irrelevant
Don't make it relevant	Don't repeat what I learned	Not take the audience into consideration.
Same old stuff PowerPoint	Motivste	Say "this won't be on the test." 🗸

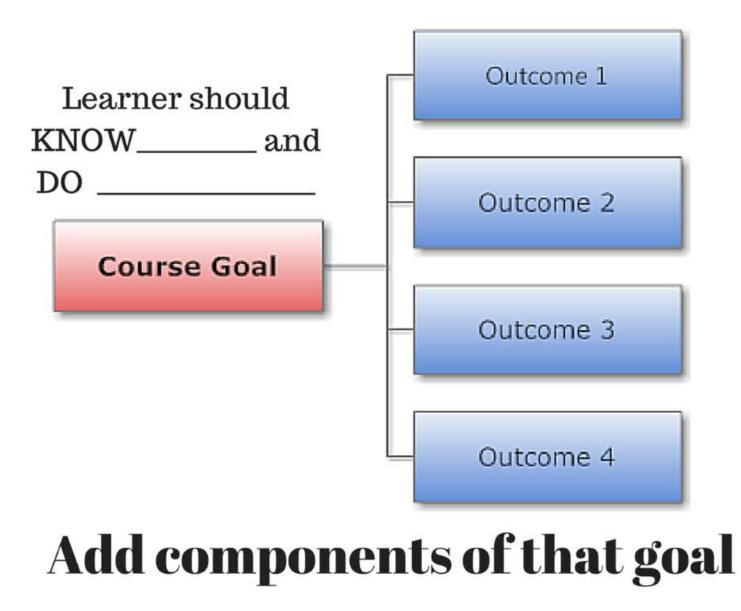

In the end what do your want your learner to know and D0?

OUTCOMES OBJECTIVES

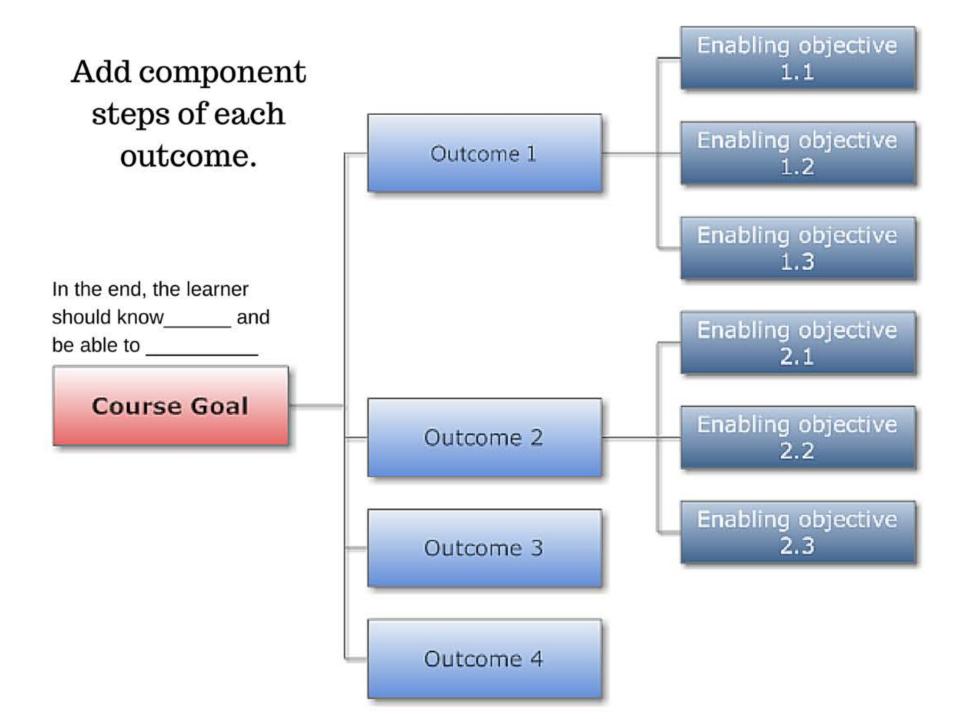

Focus on the Learner

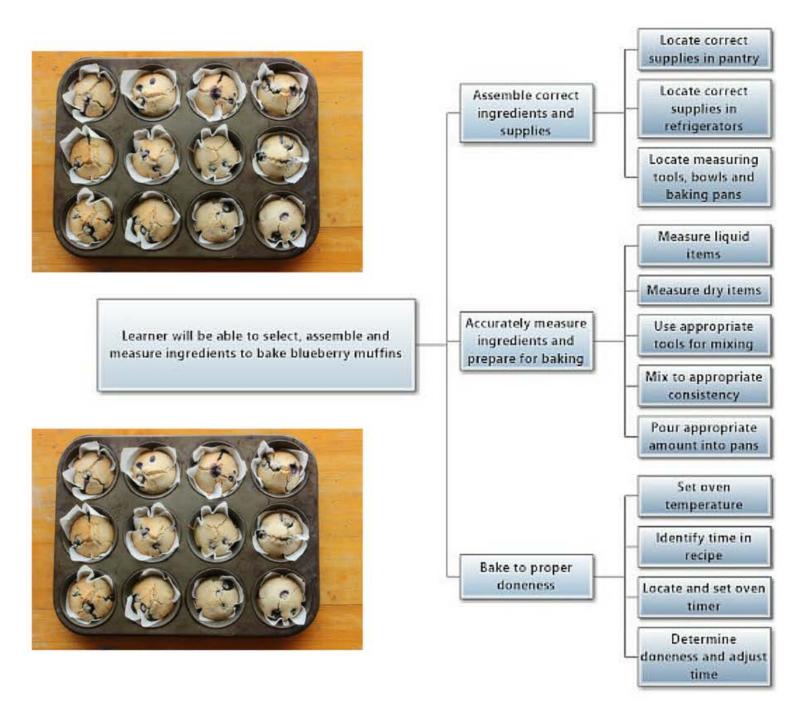

Focus on Teacher/Designer

Lesson Plans How we get there

berry Muffi **Baking Blue**

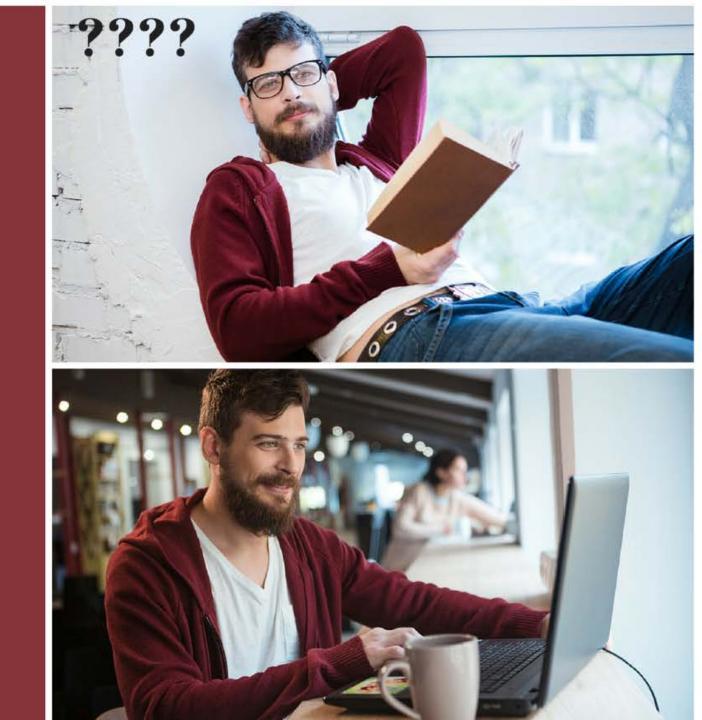

How do you know they know?

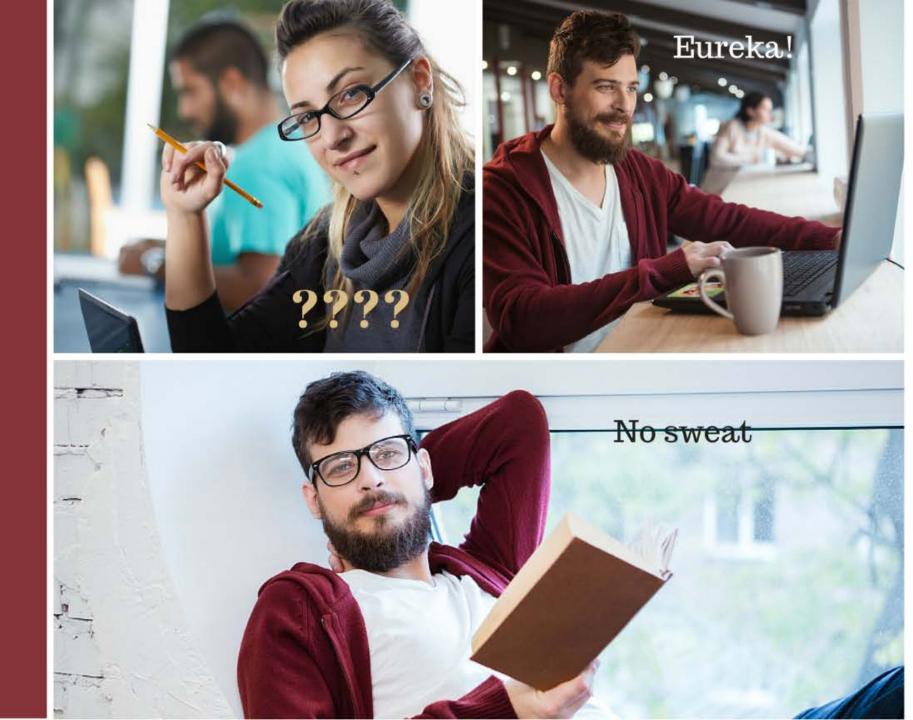

ASSESSMENT!

How do they know that they know?

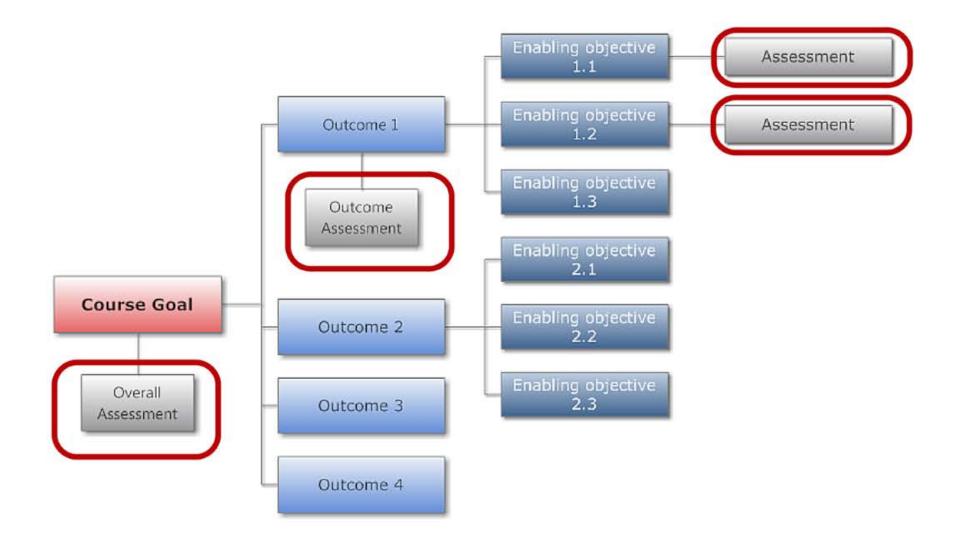

Feedback Self measures Progress checks Reviews

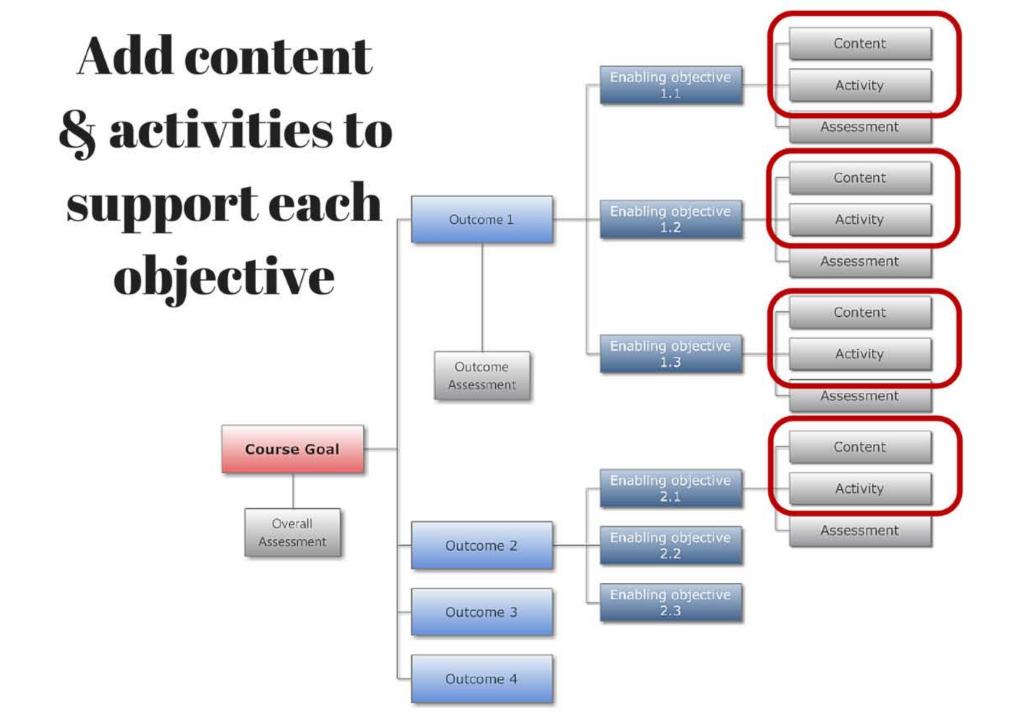

How do you know that they know that they know?

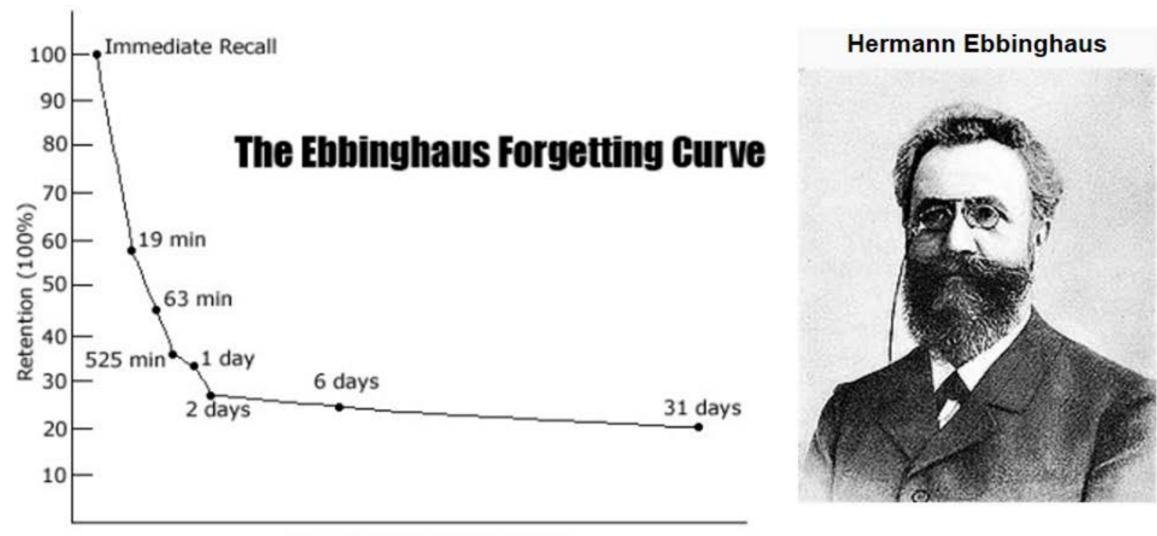

Assess each component

I do that! So why doesn't my learning stick?

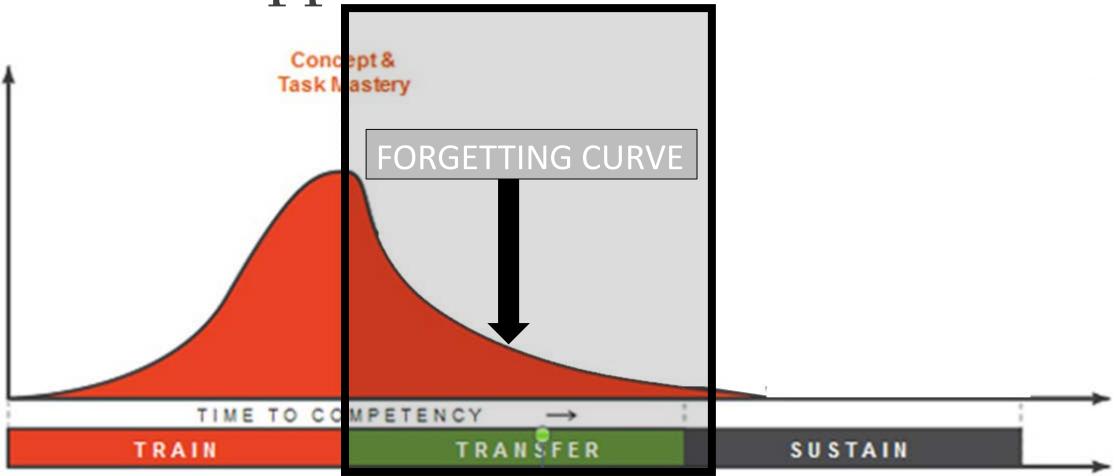

Elapsed Time Since Learning

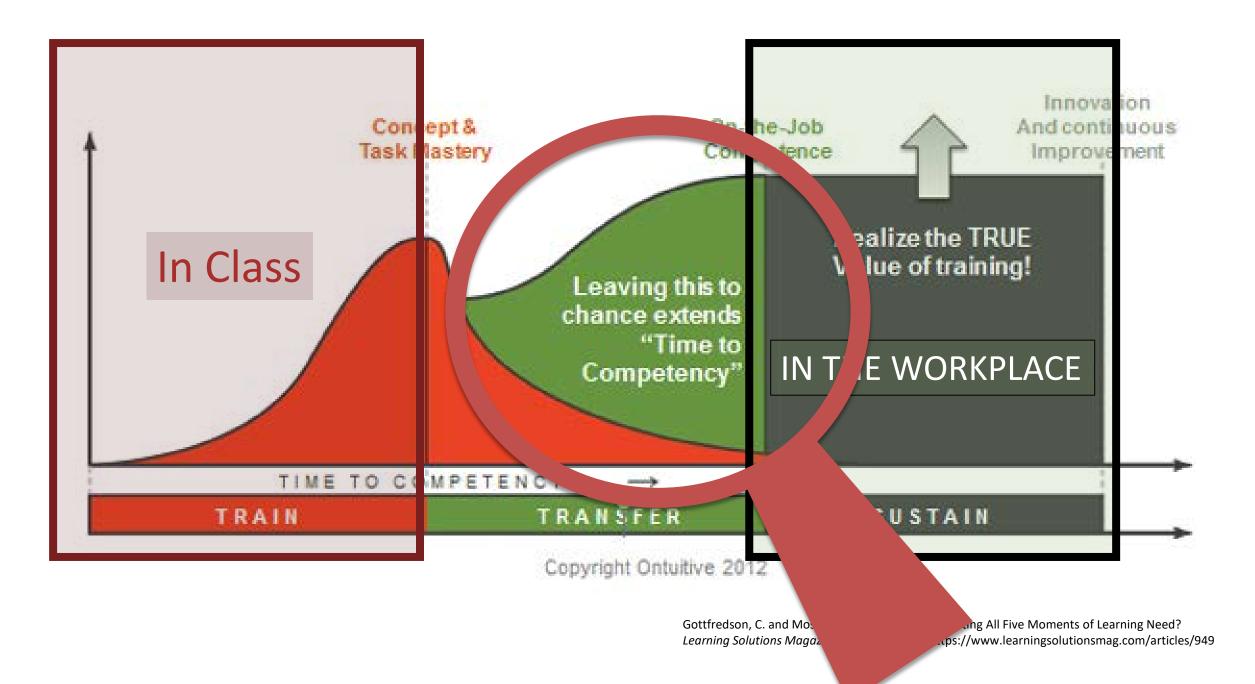

Why doesn't all learning stick?

What happens in class and afterwards?

Transfer of learning is described as the process and the effective extent to which past experiences (transfer source) affect learning and performance in a new situation (transfer target).

> Laura Van den Ouden ICM Learning, 2016

2. STICKY LEARNING is meaningful for the learners.

WHAT'S IN IT FOR

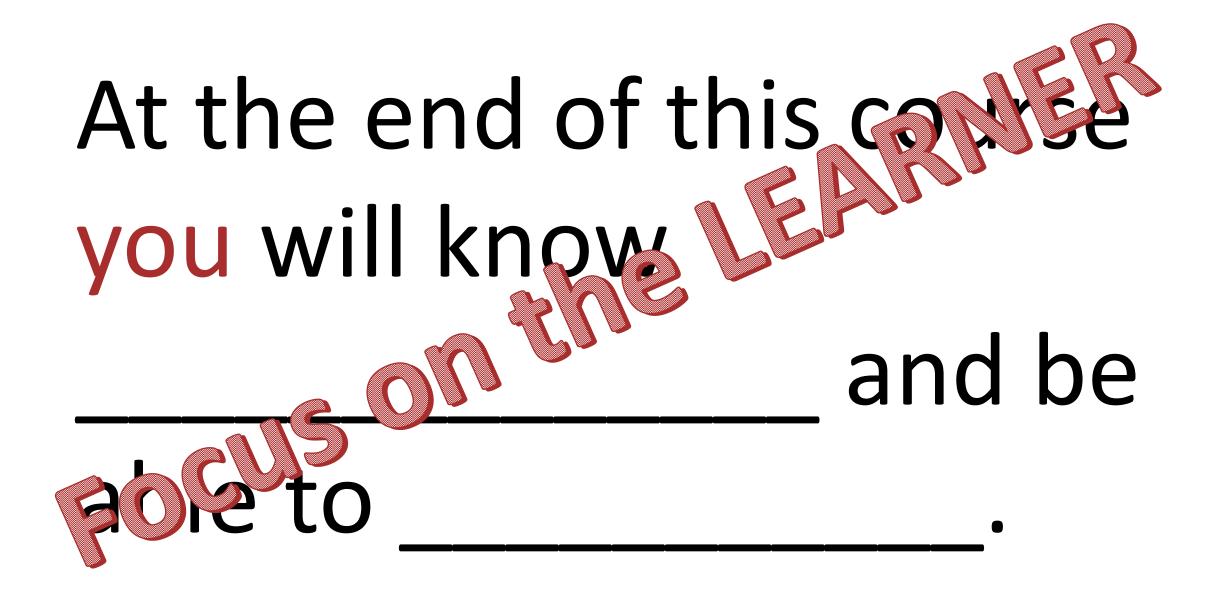

THAT'S WIIFM

This course will:

- Provide a packground and overview of regulatory reporting and understand our regulatory environment
- Provide regulator expectations and industry best practices components
- Understand the purpose of the framework of accountability and all roles and responsibilities identified
- Test your understanding of the requirements

Generalization

Alignment with Andragogy

Adults need to be involved in the planning and evaluation of their instruction.

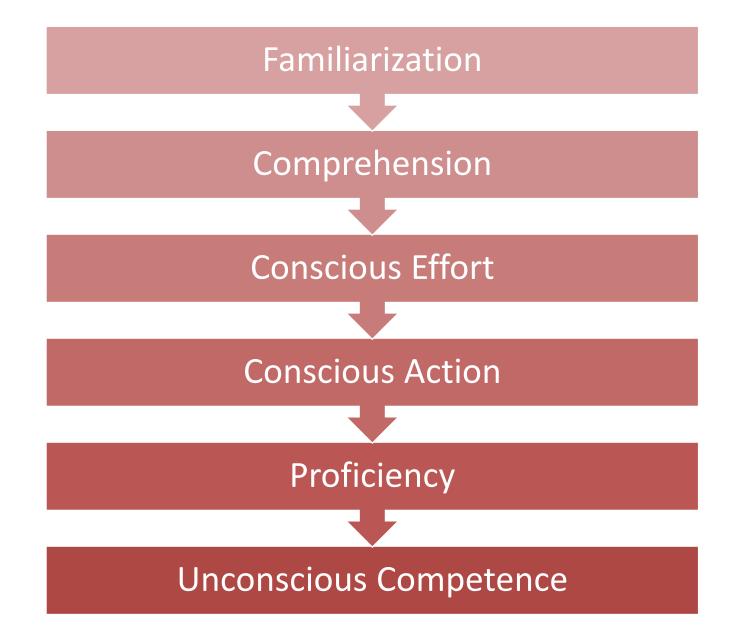

Experience (including mistakes) provides the basis for learning activities.

Adults are most interested in learning subjects that have immediate relevance to their job or personal life.

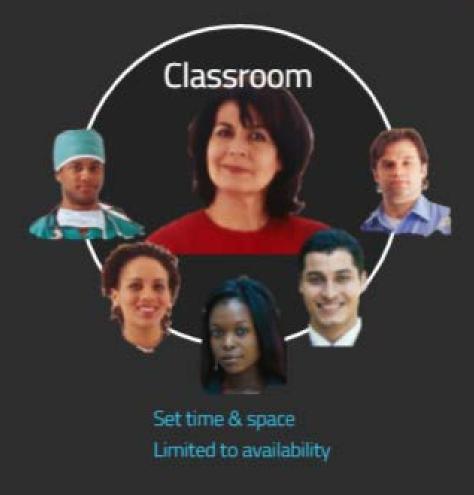

Adult learning is problem-centered rather than content-oriented.

How Proficient Must They Be?
